Report of Selectmen

The newly elected Board of Selectmen — Kenneth E. Morang, Jr., Burton F. Whitcomb, J. Edward Surette, Jr., Thomas D. Morse, John W. Moccia, Jr. organized on March 7, 1961 by electing as Chairman, Kenneth E. Morang, Jr., Secretary, Thomas D. Morse, Executive Secretary, John J. McCarthy and Clerk, Mrs. Ida L. Weiss.

COMMITTEE APPOINTMENTS

Fire Department: Burton F. Whitcomb, John W. Moccia, Jr.

Police Department: J. Edward Surette, Jr., Thomas D. Morse

Veteran's Services Department: John W. Moccia, Jr., Thomas D. Morse

Civil Defense Department: J. Edward Surette, Jr., Burton F. Whitcomb

Building-Wire Inspection Departments: Thomas D. Morse, John W. Moccia, Jr.

The range of powers, duties and responsibilities of the Board of Selectmen are encompassed by approximately seven hundred sections of law relating directly to Selectmen and with hundreds of other sections bearing on town government in general. Many of these sections are applied infrequently while others are applied with regular frequency to the administration of town government.

The Board of Selectmen have continued an effective program of co-ordinated administration through the Selectmen's Executive Secretary approach to municipal administration. The Executive Secretary implements the policy decisions of the Board, provides for day to day administration and integration of the duties delegated to him by the Board of Selectmen. This activity extends to all town departments under the jurisdiction of the Board of Selectmen as well as providing for communication and liason between all town departments, boards and committees.

The program of Group Insurance Benefits for town employees which was authorized by referendum action in March of the year 1958 has continued in effect and the contract for Group Hospital, Surgical and Medical insurance was awarded to Blue Cross - Blue Shield and the contract for life insurance was awarded to the John Hancock Life Insurance Company for a period of one year. This program provides insurance coverage for four hundred and seventy-five (475) employees of the town in all departments at a total program cost of \$88,684.44, the town's share of which cost amounts to \$44,353.12. This entire program is administered by the office of the Board of Selectmen. The Town's dividend on the life insurance program amounted to \$2,916.00 for the year 1961.

The town's fire and casualty insurance program which extends to many departments and provides for various types of coverage amounted to a program cost of \$61,915.34 for the year 1961.

The Board of Selectmen has approved a public and institutional property plan of insurance which is provided for property classes which are principally supported by taxes and not operated for commercial ventures for profit. It is estimated by the application of this plan, the town may effect an approximate 20% savings in the property so covered.

Chapter 17 of the town's by-laws prescribes that the Board of Selectmen shall supervise the conduct and election of an employees' representative to

the Personnel Board for a term of three years. Mr. Francis A. Reed of the Department of Public Works was elected to this position for a term expiring on March 31, 1964.

As a result of the resignation by six members of the Recreation Commission, the Board of Selectmen met with the remaining member, Mr. John Encarnacao and elected a Recreation Commission composed of Miss Mary Ellen Hurton, Messrs. Earl Bonney, Charles P. Greene, Thomas Hennessy, David E. Sliney and J. Frank Anderson.

Mr. John S. Bethel was elected to the Board of Public Works to fill the vacancy caused by the resignation of Mr. Aldo A. Bartlett, Sr. The Board met in joint session with the Recreation Commission and the Board of Public Works to fill the vacancies on these Boards as is required by the Massachusetts General Laws.

Mr. Carl W. Vik was appointed to the Contributory Retirement Board for a term of three years expiring on June 30, 1964. Mr. Vik succeeded Mr. Ervine E. Laughton who had given outstanding service in this office from August 21, 1956 to June 30, 1961.

Mr. Joseph L. McManamin was appointed to the Board of Appeals for a term expiring March 1962 to fill a vacancy caused by the resignation of Paul Cameron.

A complete revision, recodification and reprinting of the Street Traffic Rules and Orders was adopted by the Board of Selectmen after preparation by Sergeant William R. Connors and the approval of Chief J. Merritt Wenzel. The Street Traffic Rules and Orders were previously revised in 1940.

The town added an important piece of equipment in the acquisition of a new ambulance. A new station wagon and fire chief's sedan were also acquired for the protective service departments.

The Board approved a rate of 1.4% for an amount of \$33,750.00 which was requested by the Town Treasurer, Paul Lazzaro, as a temporary loan in anticipation of reimbursement from the State and County on account of Chapter 90 road construction. A rate of 2.80% was approved on an amount of \$100,000.00 note issue for a debt incurred in relationship to construction on the John Charles Doyle School.

The Board of Public Works was authorized to incur liabilities not in excess of \$10,000 on account of an extreme emergency caused by a snow-storm initiating on December 24, 1961.

The Board observed with regret the deaths of the following employees:

Chief John G. Gates — Thirty-nine years service

Patrolman George F. Sheridan — Sixteen years service

Firefighter William E. Gerrish — Thirty-three years service

Frank A. Butler — Twenty-two years service

Louis Edwards — Nine years service

The Massachusetts Mass Transportation Commission requested that a local committee be established for the purpose of considering matters of transportation, land use, economic development and relative matters in the Greater Boston Region. The committee appointed by the Board is comprised of:

William R. Spaulding, Planning Board

Earl L. Bears, Transportation Committee

John J. McCarthy, Executive Secretary, Board of Selectmen

The Board continued to oppose the further installation of automatic protective service equipment at the Boston and Maine Railroad crossings.

The boundaries between the Towns of Melrose, Stoneham and Wakefield were perambulated as is prescribed by statute.

A committee on Election Procedures was appointed to review election procedures and to provide liason between the Board of Selectmen and Precinct Wardens. It was intended that by this method of conference, review and report, the Selectmen would remain in closer contact with the jurisdiction for which the Board is responsible. The Board appointed Selectman Burton F. Whitcomb, Selectman John W. Moccia, Jr., Town Counsel Francis C. McGrath and Executive Secretary John J. McCarthy as members of this committee.

The Board of Selectmen have continued to represent the Town's interest before governmental officials, committees and commissions for the purpose of presenting information and evidence on matters which are of critical importance to the Town of Wakefield.

Fifty-two (52) Treasury Warrants totalling \$7,785,585.09 were approved by the Board in payment of Salaries, Wages, Billings and Maturing Indebtedness.

Considerable time and effort were spent by the Board on many miscellaneous problems which would be too detailed to highlight in this report.

Reports of the various departments under the jurisdiction of the Board will be found under other headings in this report and this activity has been submitted to the Board by the individual departments on a monthly basis. These monthly reports have provided information necessary for the orderly development of administration and planning procedures.

The Board appointed Election Officers and Tellers for service at the election on March 6, 1961.

Report of Town Planning Board

The Master Plan, on which work was begun in June 1960, will be completed early in 1962, and a condensed report is scheduled for distribution at the annual town meeting in March.

The Planning Board has worked closely with Technical Planning Associates, Inc., throughout the year. There were 12 meetings with the planners and four neighborhood meetings, at each of which a majority of the Board was present.

Three subdivisions were approved in 1961, Morrison Road West extension with 15 lots, Forest Glen with 17 lots in the Montrose area, and Willard Road with 5 lots off North Avenue.

Acting as Board of Survey, only one public hearing was held which was on the layout of North Emerson Street.

The Zoning By-law to create a Limited Business District was approved by a special town meeting in January, and at the same meeting a tract of land on North Avenue was rezoned to this new type district. As a result of these actions, the Lord Wakefield Hotel has been completed and an office building is now under construction.

Following the appointment of the Parking Committee authorized at the June special town meeting, the Planning Board met with the new committee at an organization meeting.

At its 45 regular meetings about 100 problems of land use were studied and the Board acted on 15 different actual or proposed subdivisions. There were 4 public hearings on zoning articles, 3 on subdivisions, 1 as Board of Survey, and the Board met 16 additional times with the professional planners, for a total of 70 meetings and hearings in 1961.

In the year of 1961, the Police Department had a full complement of 36 regular men. No vacancies occurred in the regular ranks; however, there have been three vacancies for the past two years in the rank of reserve patrolman which could not be filled from the Civil Service list. Again in 1961, with the permission of the Civil Service Commission, it was necessary to employ provisional reserve patrolmen in order to keep the department functioning efficiently during busy seasons and when regular officers were out sick or on vacation.

During 1961, the following members of the department received additional training in police work:

Patrolmen Charles G. Reynolds and Thomas Campbell were graduated from the Massachusetts State Police Academy in Framingham.

Sergeant Kenneth Collins attended the Federal Bureau of Investigation School in Police Investigation at the American Mutual Liability Insurance Company in Wakefield. Patrolman Daniel Sullivan attended a similar course at the Newton City Hall.

Sergeant John Mahoney attended a Police Investigation Course at Northeastern University, Boston.

Chief J. Merritt Wenzel attended the Federal Bureau of Investigation School on Police Administration at the John Hancock Building, Boston; also, a Seminar at Boston College on Police Procedures in Co-operation with the Civil Authorities.

Sergeant William Connors and Patrolmen Richard C. Cheever, Frank Skillings and Arthur Bragg, on their own initiative and time, have qualified as skin divers.

In accordance with the town policy of replacing uneconomical equipment, a 1961 police ambulance was purchased to replace an outworn 1953 model. The ambulance is one of our most valued pieces of equipment and it responded to 647 calls during the year. A 1961 station-wagon cruiser was purchased to replace an older model cruiser.

Again this year, the Main Street Chevrolet Company donated a new station wagon for the use of the Safety Officer in his instructive work with children at schools, kindergartens, playgrounds and churches. Safety instruction was given at 23 assemblies and 72 classrooms at both public and parochial schools as well as at kindergartens. Suitable films designed for the comprehensive level of grade school children were shown and instructive literature was distributed. To add to the safety of children going to and from school, the police department now employs thirteen women traffic supervisors for duty at especially busy intersections.

The town is fortunate in having a very active Auxiliary Police Organization which co-operates fully during any emergency arising in town and also turns out to aid the regular department during the July 4th celebration.

New Traffic Rules and Regulations for the Town of Wakefield were compiled with the aid of the Traffic Division during 1961 and were approved by the State Department of Public Works. The new set of regulations should be of aid to this department in police work and in the presentation of traffic cases before the Court.

A photographic laboratory is being organized by Sergeant James McKeon for the purpose of maintaining photographic records pertaining to traffic accidents and of keeping a photographic file of persons who have committed crimes.

Most cases of serious crime occurring within the year were cleared by arrest. There has been a decrease from the previous year in the number of criminal cases, traffic violations and arrests. There were, as there always will be, certain cases of breaking and entering and larceny which were not cleared.

This department has had full co-operation from the Federal Bureau of Investigation, the State Police, the Metropolitan District Commission, and from other cities and towns of the Commonwealth. These other organizations have been very helpful in clearing cases and in assisting with handling large crowds. In return, we have endeavored to aid them.

Chief Justice Lawrence G. Brooks, Presiding Justice of the District Court, Malden, and his Associate Justices have been very co-operative with this department during the year in all matters pertaining to court cases. The various branches of the law find it most necessary to work together to combat crime which is highly organized today.

Respectfully submitted,

J. MERRITT WENZEL

Chief of Police

Report of Sealer of Weights and Measures

The Department of Sealer of Weights and Measures inspects all commercially used weighing and measuring devices. These range from large capacity scales to the delicate prescription balances used by pharmacies. This department also inspects scales of butchers, grocers, junkmen, fuel oil measuring meters and gasoline pump meters.

All of these measuring devices definitely relate to the cost of living of every family in Wakefield. Usually neither the merchant nor customer is aware of any inaccuracy of devices, or in packaging operations unless such is discovered by your sealer during his routine inspection. Your sealer's job is to protect you and all the citizens from misrepresentation—to see that you get what you pay for and not one bit less.

Below is a report of the work accomplished by your Department of Weights and Measures during 1961.

	Adjusted	Sealed	Not Sealed	Condemned
Scales over 10,000 lbs.		3		
Scales 100 lbs. to 500 lbs.	2	15	4	
Scales under 100 lbs.	24	113	1	1
Weights:

Report of Director of Civil Defense

This department was organized pursuant to directives issued by the Governor of Massachusetts and Chapter 639 General Laws of Massachusetts.

There is one paid employee serving part time as office clerk and field agent. The director and all other members of the organization are serving on a volunteer basis.

In July, President Kennedy announced a step up in the Shelter program and reassigned the Office of Civil and Defense Mobilization to the Department of Defense. As a result of this transition there are many changes and re-evaluations of Civil Defense being undertaken.

This department lost the services of two dedicated men with the retirement of Auxiliary Fire Chief George Gardner and the promotion of Communications Officer Robert Kiley in the U. S. Army.

Rescue Service: A well trained crew of 19 men man this vehicle and are available to all departments for all types of emergency work. Police Sgt. James McKeon graduated from the two weeks intensive heavy duty CD Rescue School in Topsfield. Skin Divers being organized in conjunction with the Police Department now have ten trained men operating under the direction of Patrolmen Frank Skillings and Arthur Bragg.

Communications: This group meets regularly and is available to all town departments in emergency work, most notable this year at Halloween and the Fourth of July. A lack of serious power loss and communications problems gave this group a temporary rest. The need for additional equipment however to meet the stepped up program demands and possible local disasters continues. This unit also needs two new portable radios on the Police Frequency to comply with FCC Ruling.

Police — Fire Services: These organized groups receive regular training and are available as are all units for varied types of emergency work.

Medical: A small group of highly trained personnel stands ready to man our emergency hospitals and fill in on minor emergencies.

Air Raid Sirens: Town has virtually no means of warning populace but the Selectmen have recommended action in this system.

Matching Funds: It is recommended by this department that the town take further advantage of this program in all areas. To date we have utilized \$27,000.00 worth of materials and should have tripled that amount.

Surplus Property: The town should take greater advantage of this program.

Advisory Council: It is recommended that the Board of Selectmen reactivate the Civil Defense Advisory Council.

The director thanks Deputy Director Frank Tredinnick for his untiring efforts in the field of Civil Defense; the Board of Selectmen, and the heads of all town departments and the Daily Item for their co-operation in this effort.

Respectfully submitted,

JAMES T. HURTON
Director of Civil Defense

Report of Board of Health

In the year 1961, Infectious Hepatitis and Chicken Pox were down while Mumps and Measles were on the increase. For three consecutive years the Town of Wakefield has not had one case of Poliomyelitis reported.

Diphtheria, Tetanus and Whooping Cough immunization Clinics were held for pre-schoolers and also 1st and 6th grades with 40 receiving a series of 3 inoculations and 91 receiving booster inoculations.

There was only one new Tuberculosis case reported for 1961 and at present there are no patients hospitalized, and 20 patients on Chemotherapy. New and active Tuberculosis cases are at the lowest in the Town of Wakefield for over 10 years.

The following is an abbreviated summary of field trips, nursing services and investigations made by the Public Health Nurse and Agent:

Nursing visits to Tuberculosis patients and contacts	96
Number of contacts to Tbc. patients X-rayed	30
Number of trips to Sanatorium for X-rays	55
Number of case patients registered X-rays	43
All others X-rayed	56
Patients hospitalized during the year	8
Premature baby investigations	7
Unsanitary conditions, food poisoning, etc.	45
Kindergartens supervised	9

Report of Board of Public Welfare

The various categories of assistance under the supervision of the Board are General Relief, Aid to Dependent Children, Disability Assistance, Old Age Assistance, and Medical Assistance to the Aged. The last four are part of the Social Security Act and are governed by Federal and State Law. All employees of the Department must be covered by Civil Service status. The basic requirement for public assistance is "need." Under its present laws governing the administration of public relief, all needs are met—there is no maximum amount. This means that an individual's needs, to include medical, hospital and all other services are provided, in addition to the needs in the home.

Public Welfare

During 1961 there were 34 cases aided under public welfare in this community with an expenditure of \$8,948.06. In this category, aid is for a temporary period only, while the applicant is awaiting unemployment compensation due to lack of employment or temporary illness. The Federal government does not reimburse the town for assistance granted in this category.

The town granted \$49,863.94 to 32 families for Aid to Dependent Children during 1961.

During 1961 there were 34 cases aided in Disability Assistance at a total cost of \$43,237.94.

There were 221 Old Age Assistance cases aided during 1961 at a cost of \$179,999.02.

Medical Assistance to the Aged was given to one hundred during 1961 at a cost of \$183,310.24.

The eligibility requirements differ according to the category and the amount that each client receives differs according to their budgeted needs, such as the amount of rental, carrying charges, etc. It should be remembered that general economic conditions govern the expenditures required. The following charts will give a monthly breakdown by category. This report was prepared by Andrew P. Ring, Director of Public Assistance.

Report of Recreation Commission

A record-breaking crowd viewed the Annual Demonstration Day Program of the Recreation Commission.

In the afternoon, at the Common, championship games were played. Titles were decided in horseshoes, beanbags, checkers, kickball and dodgeball. Championships in baseball for boys and in softball for girls were played.

The boys' tennis titles and the girls' tennis titles were determined in the afternoon at the Moulton Courts.

Girls and boys from each playground in town put on entertaining acts on the tennis courts, at Veteran's Field, under the lights.

The evening exhibition was featured by an arts and crafts exhibit. Prizes were awarded for the best articles made during the summer. Comb cases, pot holders, bread baskets, stuffed animals, key chains, autograph books, and mosaics were the articles on display.

Dancing under lights on the tennis courts to recorded music was enjoyed by many boys and girls.

The finals in the six-team softball league (adults) were being played on the softball diamond at Veteran's Field. A large turnout of fans was evidenced at these games each night. The season ran from May 1 to October 1 with four games scheduled each week.

The staff of the Recreation Department consisted of the director and thirty-three assistants.

Areas of recreation in the order of attendance were: Spaulding Street Bath House — 30,034, Common — 10,132, Col. Edward J. Connelly Swimming — 9,089, Moulton — 2,484, J. J. Round — 2505, Montrose — 2484, Nasella — 2413, Col. Edward J. Connelly Playground — 2405, Mapleway — 2262, Dolbeare — 1825, and Handicrafts — 867.

More than 300 at the Spaulding Street Bath House and 135 at the Col. Edward J. Connelly swimming area took swimming lessons. The poor condition of the water kept the attendance lower than other years.

During the summer over 300 boys and girls were taken by bus to Pleasure Island for the day. More than 400 boys were taken to Boston by bus to see the Red Sox play a double-header in baseball.

Only fifteen injuries were reported during the summer, none of a serious nature.

A new playground will be opened this summer at the Woodville School area.

Report of Board of Public Works

REPORT OF BOARD OF PUBLIC WORKS

The year 1961 was one of progress for the Board of Public Works.

In March, two new members were elected to the Board, Aldo A. Bartlett and Albert V. Boland. After serving a few months, Mr. Bartlett tendered his resignation which was accepted by the Board, and at a joint meeting of the Selectmen and the Board of Public Works, John S. Bethel, Jr. was appointed to serve as a member of the Board until the next annual Town election.

Director of Public Works, George R. Winters, submitted his resignation in April and after considerable advertising for a new Director, 25 applications were received, all of which were reviewed by the Board with a final choice of six applicants. These applicants were personally interviewed by the Board and it was the unanimous decision of the Board to appoint Richard C. Boutiette for a term of three years. Mr. Boutiette served as Town Engineer for the Town of Reading, was employed as a senior highway engineer for Edwards and Kelcey, Consulting Engineers and worked on the engineering staff of the Mass. Dept. of Public Works. The Board feels Mr. Boutiette will do a fine job of improving and greatly enhancing the operations of the Department of Public Works.

Mr. Joseph Casazza, the Town Engineer, was appointed Acting Director and took over his duties in April. He acted in this capacity until the appointment of Mr. Boutiette on August 1st.

The programs which have been completed for the year 1961 are as follows:

1. New street construction under the Betterment Act — Forrester Road and Brewster Road.

2. The 1960 Chapter 90 work on Water Street and North Avenue from Armory Street to Main Street was completed.

Reconstruction of Albion Street was initiated under the 1961 Chapter 90 program. Completion to date is from the Stoneham Line to the intersection of Broadway. A 1962 program has been established for continued reconstruction of Albion Street. New drainage was also installed in the reconstructed portion of Albion Street.

3. Resurfacing of a portion of North Avenue was also completed under the Chapter 90 Maintenance program.

4. Drainage Program — Although there are many drainage problems in the Town, the Board has endeavored to remedy some of them. Completed to date was the Lowell Street culvert which was reconstructed with the proper head walls and with sluice ways to permit water to enter into the stream without erosion of the sides of the road bed. This is a newly devised method by our new Director. Extension of the drainage from Brewster and Forrester Roads was continued along Vernon Street to Lowell Street and terminated at the Lowell Street culvert. Drainage was also completed on Spring Street to the Stoneham line, Hart and Valley Streets and piping of the brook from Stedman Street to Converse Street.

5. The Oak Street Trunk Sewer, the Force Main and the new Pumping Station at the corner of Farm and Water Streets have been completed. This trunk line and pumping station will serve for future sewer extensions to the Montrose and Chapman Park areas.

6. The 1961 Water Relay Program was also completed.

7. Progress is being made on the acquisition of lake shore land which the Town intends to acquire in order to preserve and beautify the shore line of Lake Quannapowitt.

8. Sidewalk Program — Considerable accomplishment on the Sidewalk Program was effective in getting certain areas completed. On the westerly side of North Avenue the sidewalk was completed from Prospect Street to Wolcott Street for the benefit and safety of school children and pedestrian travel in that area. A new asphalt sidewalk was constructed along Parker Road from Elm Street up to a point opposite Outlook Road and new sidewalk was constructed on Nahant Street from Valley Street to a point at the corner of Sexton Avenue. The remainder of this sidewalk is gravel which in the 1962 program will be continued to the Farm Street area with an asphalt surface.

The Board of Public Works has petitioned the Legislature to invalidate the present sewer act and to put Wakefield under the General Laws relating to sewers so that a more uniform and up-to-date policy for assessing can be applied.

The new Director is also formulating new plans for the operation of plowing snow, removal of snow from the business areas and a sidewalk plowing program which the Board feels will be most helpful in giving the people of Wakefield the proper public service to which they are entitled.

We are confident that the Director will continue to make improvements as he deems necessary and he shall have the full support of the Board in all his endeavors.

REPORT OF DIRECTOR OF PUBLIC WORKS

The major problems which confront this Department are in order of their seriousness:

1. Improvement of the water distribution system.
2. Improvement and extension of our existing storm drainage facilities.
3. The maintenance of all Public Works facilities Town wide.

We are proceeding with a planned program of reinforcement of our existing water distribution system as recommended by Camp, Dresser and McKee, Consultants for the Town, as well as our own water relay program. This work shall be performed by our own forces only insofar as it does not interfere with a proper maintenance program. It is also the hope of this Department to provide adequate fire flows to the downtown area and

to increase pressures in certain areas of the Town, which are greatly affected in times of peak demand, by the construction of a standpipe on the West Side of Town as was recommended by the Consultants in their 1959 Report.

This Department is currently seeking an overall drainage study of the Town to be financed by an interest free loan from the Federal Government from which we may formulate an annual program of improvement and extension of our drainage system, paying particular attention to the main outlets which are badly in need of maintenance.

Over the years that this Department has been in existence the focus has been on items of a capital nature, as a result little attention has been given to problems of maintenance. In attempting to keep a comparatively low tax levy by using Town forces for the construction of capital items, maintenance has become neglected.

Preventive maintenance is always good economy. It would seem uneconomical to construct various facilities and then fail to properly maintain them. As the Town grows and facilities are added it will become necessary to enlarge departmental forces both in manpower and equipment so that proper maintenance can be effected and future large expenditures prevented.

The Department is now preparing programs for these major problems as well as sewers, parks, sidewalks, equipment replacement, etc. It would seem that a planned approach, concurrent with a balanced annual program, combined with patience, could be the most efficient and economical method of solving the problems now before us.

For details of work accomplished this past year you are referred to the following reports of the Division Heads.

In closing the Director wishes to express his appreciation to the Members of the Board and to several Town Department heads for their close cooperation and interest, and to congratulate those employees who have so willingly given their time and cooperation for the benefit of the Department and to assure them of continued interest in their welfare.

Board of Public Works

RICHARD C. BOUTIETTE,

Director

ENGINEERING DIVISION

The Engineering Division has been able to meet the demands for engineering services requested by the various Town Departments during the construction stage of the numerous projects. Our problem has once again been insufficient manpower to make final surveys after these projects are completed so that the office records are not up-to-date. Some progress has been made, but it is more than apparent that with the backlog that has accumulated and the number of new projects each year, a department of our present size will continue to be in arrears on this most important work. The department must grow!

Considerable progress has been made in our filing system but there are still records that need work. Record drawings of the Storm Drainage System is the most pressing example of this work.

Forrester and Brewster Roads were constructed this year as public ways under a contract with Benedetto Brothers Inc. of Wakefield. A small amount of work remains to be completed in the spring.

Sewer, street and sidewalk assessments were calculated and submitted to the Board of Assessors.

We have worked together with the Planning Board to ensure satisfactory results on the sub-divisions which are being constructed in the Town under the Rules and Regulations of the Sub-Division Control Law.

A sufficient inspection force for the above mentioned sub-division work, and all work done by contractors for the Town is a problem that must be more adequately met in the future.

Progress was made on our project for renumbering streets but there are still a number of streets to be done.

JOSEPH F. CASAZZA

Town Engineer

ANNUAL REPORT MOTH AND TREE DIVISION

The Dutch Elm Disease is our major problem. We had seventy-eight trees with this disease. Most of these trees have been removed, and according to State Law, the rest should be removed by the first of April.

Most of our elms were sprayed twice by our mist blower.

Japanese Beetles and Tent Caterpillars have increased in many areas.

We have planted one hundred and sixty trees on new and various streets throughout the town. Sixty of these trees were from our nursery, a hundred trees were purchased.

I would like the cooperation of all property owners to destroy, or put under cover, all dying or freshly cut wood. This is the only means of combatting the Dutch Elm Disease.

At this time, I would like to express my appreciation to the Board of Public Works and the Director for their cooperation. I would also like to express my appreciation to the Civil Defense Director for his cooperation during the year.

ERNEST J. McWHINNIE,

Supervisor

PARK DIVISION

In addition to our regular maintenance work the following special projects were completed:

1. Complete elimination of poison ivy from all areas regularly maintained by this division.
2. Changing the baseball diamond at the Moulton Playground from a 75 foot to a 90 foot regulation field.
3. Dust control by spraying on all skinned areas of the eight baseball diamonds under our control.
4. Hauling and spreading 60 tons of filter bed sand on the beach areas.
5. Treating Lake Quannapowitt with 1500 pounds of copper sulphate for algae control.
6. In cooperation with the State Division of Health conducted a weed control study of Lake Quannapowitt.

7. Hall Park Development:

Approximately two acres were cleared of brush and undesirable trees — stumps removed.

Planting of various trees and shrubs, funds for which were raised by public donation.

Laying of approximately 900 square yards of hot top on paths.

Installation of 200 feet of one inch copper tubing for irrigation and future drinking fountain.

Graveling of an additional 200 feet of walk in preparation for hot top.

8. Colonel Connelly Park:

Installation of eight permanent type park benches.

Planting of \$600.00 worth of various trees and shrubs. Funds for the above were provided by the American Mutual Insurance Company.

REPORT OF THE SCHOOL COMMITTEE

During the past year two incumbent members were re-elected to the school committee. Mrs. Lenora P. LeCours and Harold E. Staunton were returned to the School Committee by the voters at the annual town election.

In September the Committee elected the following as officers:

Harold E. Staunton, Chairman
 Gertrude M. Spaulding, Secretary
 Lawrence J. Fitzgerald, Treasurer

The Committee extended its appreciation to the outgoing chairman, Henry B. McConville, for his services in that office for the past year.

During the past year the Committee viewed with pride the operation of the new Junior High School and the success of the change over from the 6-3-3 system to the 6-2-4 system. The Junior High School Building Committee continued to function by completing many of the unfinished details still connected with the new building.

In September the John Charles Doyle Elementary School was readied for occupancy. With the opening of this new building overcrowded conditions of the West Side were eliminated. On Sunday, November 26, 1961 open house was held at this new school and the facilities were inspected by many of the townspeople. At the dedication exercises a plaque and flag were presented to the School Department by the West Side Social Club in honor of John Charles Doyle, an early benefactor of that organization and for whom the school was named.

The Committee continued to review the report of the High School Evaluation Committee and the following recommendations for changes in the high school curriculum were approved:

Language: French IV to be included in the curriculum.

Mathematics: Fourth year mathematics for College Preparatory students to be called Advanced Mathematics.

Science: 1. One extra period per week to be added in physics which would be a double laboratory period.

2. General Science — 9th grade College Preparatory students program to be accelerated consisting of $\frac{1}{3}$ biology, $\frac{1}{3}$ chemistry, $\frac{1}{3}$ physics.

Home Economics: The number of periods to be dropped from 8 to 5 per week and homework to be assigned to this course to cover the additional time.

It was voted to adopt a revised elementary school report card which indicates the scholastic achievement of the children as well as the effort exerted with respect to their ability.

As a result of the vote of the annual town election on the referendum question of equal pay for men and women teachers the Committee voted to implement the new salary schedule by granting women teachers the same salary rate as men teachers.

Various study committees continued their efforts during the year. These committees studied such areas as Extracurricular Assignments, Adult Education, Regional Vocational Technical School Planning, and Sidewalks and Transportation.

The Committee also voted to initiate a summer school program at the secondary level for junior and senior high school students.

After many years of faithful and diligent service in the Town of Wakefield, Mrs. Emma L. Lane retired as a special class teacher at the Franklin School.

The Committee observed with deep sympathy the death of Mr. R. Edgar Fisher, former assistant superintendent of schools, who retired October 31, 1958.

The Committee was saddened by the passing of Mr. Walter C. Hickey who served faithfully on the Committee from 1944 to 1953.

Charles M. Evans & Associates were employed by the School Committee to make a study of salaries and classifications of all non-teaching personnel.

Because of the increased enrollment in the first grade at the Greenwood School it was necessary to use part of the room occupied by the Beebe Library as a branch, for an additional first grade section.

Civil Defense in case of atomic attack came under discussion and it was decided, in the absence of any State-authored plan, that the school children would be sent to the safest part of each school building in case of such an attack.

The Committee again reviewed the teachers' salary schedule and as a result it was voted to adopt the following schedule to be effective September 1, 1962:

Bachelor's Degree	Master's Degree
4400 - 7100	4700 - 7400

In addition to the above there is an additional \$300 for those with 30 points of collegiate credit beyond a Master's Degree.

The Committee felt that this schedule emphasizes the importance of the experienced teacher in the Wakefield School system.

It is with a feeling of pride in the work of our school administrators and teaching staff that this report is submitted.

To the Wakefield School Committee:

I have the honor to present, for your information and consideration, the Annual Report of the Superintendent of Schools for the year ending December 31, 1961.

We are aware of the fact that education as it took place years ago does not meet the needs of today. Change must take place in education if it is to meet the conditions of a free society. Also we must prepare students for work in the future that does not now exist and also for a society that is not yet clearly discerned.

This past year has witnessed a continuing development of our curriculum. Committees have been at work and valuable workshops have been held. More workshops are needed at all levels and we recommend for budgetary purposes that funds be provided to obtain specialists from universities in our vicinity to help in this area.

During the past ten years Wakefield has spent millions of dollars to build additional school facilities. In September the John Charles Doyle School was first occupied. The opening of this school enabled us to house all the elementary children from the West Side in their own district. For several years it was necessary for us to transport some classes to other districts in the town. Wakefield students are now adequately housed very well, not only in the number of classrooms but even the oldest buildings are well lighted and maintained.

The individualized program at the Junior High School is now a recognized accomplishment. Wherever possible it is being done at the High School level and various grouping structures are in effect in the elementary schools to meet the abilities, capacities and individual needs of the students. However, we must always be certain that our objective, no matter what the organizational pattern, is that the schools are functioning for all of the children for all of the people.

We would like to report that the change of our report card in the elementary grades has been received for the most part satisfactorily. We believe it is a more meaningful record of a child's school life, giving consideration to the effort as well as growth in academic achievement. It is a step forward in communication with the parents of a child's progress but it is not as effective as a conference between the parent and the teacher.

Expansion of our guidance services through additional personnel has been profitable. We are attempting to assist the boys and girls in making a better choice of their subject selection. Our pupil-counselor ratio now

meets the recommendation of the State Department of Education which makes it possible to obtain financial support through the National Education Act.

We have been concerned for some time about the time and attention our elementary principals have of necessity given to minor tasks. In an attempt to relieve this situation we are pleased that sufficient funds are budgeted to provide part-time clerical help for each principal. By not handling such non-instructional duties, more time can be devoted to supervision and curriculum work. Concentration on major functions for which they are trained and employed should be advantageous to our entire program.

Of primary importance to us at all times is the results of our Reading Program. We can examine the Achievement Test scores of Wakefield students and say "Well done" and then become complacent. Such is not the case for we realize that all students cannot be taught all the reading skills through conventional classroom methods. For this reason extensive developmental and remedial reading programs are essential for real progress.

Remedial reading is given to a small percentage of students that need specialized individual and small group instruction. Much of the work is clinical in nature. We have had but one teacher available for this program but the funds are in our budget to expand this work at the Senior High and Elementary School level. The value and effectiveness of our present program is assurance enough that with an expanded program greater progress will be made in the future.

At the Junior High level, all students not studying Spanish or French participate in the Developmental Reading Program. Reading accelerators and materials such as SRA Reading kits which are sequential in nature have been provided. These are proving of value in the effectiveness of the reading program.

From time to time we speak of the results of the achievement tests which are given the students in the Junior High School and the Elementary Schools each Spring. These tests are standardized tests which are widely used throughout the United States and measure the abilities of students in the fundamental skills of learning. Standards have been established after thousands of these tests have been administered and we can judge our own results in comparison with what is expected of a child in a particular grade at a particular time. For example the figure 4.7 means that a normal child would receive such a score the seventh month of his fourth year. If a fourth year student receives a score of 5.2 it means that he is 5 months above the normal score. You will note below the results of our last tests which indicate that our classes are from 2 months to 2 years and 2 months above the normal scores for the country at large.

Progress in the future will depend largely upon the faculty in our schools. It is the individual teacher working with the individual pupil who eventually brings a measure of success to our program. Teachers are individuals with varying abilities, interests and competencies and they must be free to use these effectively. In Wakefield we have dynamic, dedicated teachers who are fired with zeal and enthusiasm, who are constantly seeking better ways of bringing quality education to the youth under their jurisdiction.

In spite of all our efforts to maintain an efficient yet economical school system, our budget continues to rise. Additional students require more school personnel and buildings which inevitably requires additional money.

The future of education is going to be largely a financial one. We are a migratory nation and people educated in one area move to another. Therefore we must have excellent schools throughout the nation if we hope to preserve a vital society of free men. In order to be certain of this a thorough overhaul of national, state and local tax systems is necessary. The local property tax cannot continue to rise sufficiently to adequately provide the necessary funds for the educational level so desperately needed. The state and nation are beneficiaries of good sound education and should therefore more adequately finance education.

We have often implied that an excellent program in our schools is not good enough for the boys and girls of Wakefield if it is possible to improve or provide a better one. Therefore we are constantly studying, evaluating and examining our program in Wakefield with the thought of making the necessary changes for improvement.

MAJOR REPAIRS AND PLANT IMPROVEMENTS — 1961

High School

Memorial Building — Light control and window darkening drapes were provided for seven rooms and the faculty room. Installed bituminous concrete walk from Main Street to the cafeteria entrance. Exterior emergency warning signal lights were installed. Areaway gratings were fitted with $\frac{1}{4}$ " mesh screen for insurance savings.

Atwell Building — A new sign was fixed to the main entrance to replace one identifying the building as a junior high school. Three rooms and one corridor were painted and the floors of four rooms were sanded and refinished. The extension of 2" copper water main was completed and hot water was provided for the science rooms. Four science rooms were equipped with furniture and fixtures with the necessary supply and waste services. New sinks and cabinets were installed in the home economics room. Roofing repairs were continued.

Walton Field — The old portable bleachers were painted and a new water service was installed from North Avenue.

Elementary — Four rooms at the Montrose School were equipped with new furniture and the four floors were sanded and refinished. At the Greenwood School, the hot topped area of the playfield was extended, with a new driveway installed at the street to provide off-street parking and the exterior and interior were painted. Incinerators were installed at the Warren, Woodville and Lincoln Schools. Stage curtains were replaced at the Walton and Dolbeare Schools and window darkening drapes were replaced in the all-purpose room at the Walton School. Light control drapes were installed in one room at the Montrose School.

Exterior emergency warning signal lights were installed at the Montrose, Dolbeare, Hurd and Walton Schools. Areaway gratings at the Dolbeare School were fitted with $\frac{1}{4}$ " mesh screening. Additional washing facilities were installed in the boys' washroom at the Lincoln School.

The stoker tuyeres were replaced in No. 1 boiler and the clock system was replaced at the Warren School. Gate valves were installed on the mud drums of boilers at the Franklin, Warren and Hurd Schools. A preventive maintenance and repair program has been continued on the roofs of the Franklin, Greenwood and Woodville Schools.

The Superintendent of Schools wishes to express to the School Committee his appreciation for their earnest efforts to maintain and promote the best possible education for the Youth of Wakefield.

Respectfully submitted,

JOHN B. HENDERSHOT

TO WAKEFIELD HIGH

One more class, dear Wakefield High,
 Our class of 'Sixty-one,
 Bids fond farewell to teachers, friends,
 And work that we have done.
 As we leave you, Wakefield High,
 We pledge with all our hearts
 Our loyalty to memories
 Of which you are a part.
 Here before us, Wakefield High,
 There lie uncertain years.
 And yet with all that you have taught
 We'll march and have no fears.

CHORUS

We sing to you now, Wakefield High,
 As through your doors we go.
 We give to you our dearest love
 Which with the years will grow.

1961 REPORT OF THE LIBRARY TRUSTEES

The death of Walter C. Hickey on November 13, 1961 brought sorrow to the Town of Wakefield and a keen loss to the Trustees of the Lucius Beebe Memorial Library. Mr. Hickey was elected to the Board in 1933 and over the years has served it in many capacities. His devotion to the library and his knowledge of its history will be missed greatly.

During the past year the Board of Library Trustees has held ten regular meetings, five special meetings and many meetings with Town boards and committees.

As in previous years, it has been difficult to attract well qualified persons to vacancies on the staff, since the local salary schedule does not interest holders of library degrees.

On January 17, 1961 the Board voted to accept provisions for State Aid to Public Libraries as outlined in Chapter 760 Act of 1960.

The celebration of National Library Week was arranged by the following citizens' committee: Mrs. David Hodgdon, Mrs. Kent Fletcher, Mrs. Paul Guillow, Mrs. Marcus Beebe, Miss Constance Doyle, Mr. Leslie Wilson, Mr. William Lee, Mr. Edward Hennessy, Mr. Robert Reed and Miss D. Marjorie Taylor. An excellent opening address by Mr. Peter Neumann on Sunday afternoon, April 16, 1961 was followed by varied programs of interest throughout the week. The Library Trustees express the gratitude of the Town to the citizens' committee.

In September, increased enrollment in the first grade of the Greenwood School necessitated the use of the Greenwood Branch facilities for a class of eighteen pupils, which curtailed library hours and space. Upon receipt of a letter from the School Committee advising immediate steps to find new space for the Greenwood Branch, studies have been made of ways to provide library service in Greenwood. At present, the Library Board is cooperating with the Greenwood Fire Station Committee to propose a joint Fire Station and Library building.

A joint meeting of the Library Survey Committee and the Library Trustees was held on October 19, 1961 to study Progress Report No. 1.

Two members of the Library Board have served beyond the local area. Mrs. David Hodgdon has been Boston representative for the Great Books Foundation. She participated in the Dynamics for Leadership project telecast on Channel 2 and assisted in the formation of a first year Great Books discussion group in Melrose.

Mr. Edward Lynch is President of the Massachusetts Library Trustees Association which is affiliated with the Massachusetts Library Association. He reported that the following resolution has been passed by the Association:

Whereas: the time has come for trustees and school officials to accept separate but complementary responsibilities in strengthening library resources to all age groups and interests;

Whereas: legal authority and responsibilities to establish policies to provide the best possible library service for all ages reside in library trustees; and

Whereas: school libraries are essential and provision of school libraries and programs is the responsibility of the school boards and administrative officers

Therefore be it resolved: that trustees work for the gradual assumption of this responsibility by the Board of Education, relinquishing school library service as the schools are able to undertake it.

The Library Trustees have concern that adequate space and reference material be available to the student population of Wakefield.

LIBRARIAN'S ANNUAL REPORT — 1961

Library Service to the Community

Wakefield has a main library and two branches, and facilities at all three locations are strained to the utmost to give the best possible library service to a community of over 24,000 people. To assist in this service we have a staff of thirteen and one full time and one part time custodian.

During 1961 Wakefield people, and a few from neighboring towns, have borrowed over 227,000 books, periodicals, records and pictures, while almost 14,000 reference questions of one sort or another have been asked and answered.

To increase our service to the community we have added more than 4300 books and about 100 long playing records, and have discarded 4200 obsolete or wornout volumes. We also provide about 350 periodicals for library and home reading.

Library service to the community extends beyond the library walls in many ways. Almost 13,000 books have been sent to Wakefield schools for classroom reading, and our children's librarian has visited each of the first five grades in all the schools, while the young adult librarian talked to all sixth grades. Talks have been given by staff members to Parent Teacher Associations, Women's Clubs and other civic and social groups, and several collections of books have been sent to the Elizabeth Boit Home during the year.

Library hours have recently been extended at the Main library to accommodate those people who like to get an early start, the library now being open from 9 a.m. to 9 p.m. except on Saturdays when it closes at 6 p.m.

Service to Children

In addition to the regular routine work of the children's room, we have had a weekly pre-school story hour with an attendance of between 66 and 70, while about 100 school age children meet weekly for a program of stories and films. During the summer about 200 children joined the sum-

mer reading club where they were given instruction in the use of the library and encouraged to read and talk about what they had read. Each meeting ended with the showing of a film.

The summer school for exceptional children visited the library for instruction four times, and the remedial reading group came twice with their teachers to familiarize them with books suitable to their reading abilities.

Many kindergartens have visited the library during the year when they were taken on a tour of the building, and then entertained with stories and film strips.

Service to Young Adults

Nowhere is the fact that the public library is part of the educational system of the town more apparent than in the Youth Room which caters to our young people through Junior and Senior High School.

With school assignments in mind the book stock has been checked, weeded and added to, during the past year. Many books at college and adult level have been added, including the McGraw-Hill Encyclopedia of Science and Technology. Because of greater emphasis on current events in High School, pamphlets have been added to the vertical file, and News-week and U. S. News and World Report bought for the Youth Room. The newly purchased Deadline Data on World Affairs, located in the lobby, is also available for use after consultation with the Youth Librarian.

Increased cooperation with high school teachers has meant better service to the students. It is obviously impossible for the library to supply the required number of books on certain subjects for a whole class for home reading, but prior knowledge of assignments enables the librarian to have the books available for all students in the library. This cuts down on circulation figures, but is fairer to all concerned. It is unfortunate that some students have no sense of responsibility for library property, and will steal or mutilate books in order to get the article or picture they require.

During the summer the class of exceptional students visited the Youth Room and the senior class at Nazareth Academy came with their teacher. Mrs. Bush, Youth Librarian, welcomes any visitors who are interested in young people, and would be particularly happy to see High School teachers and discuss the book stock and services with them.

Service to Adults

The adult section of the library has to meet demands from business men, students, teachers, technicians, clubs, to name but a few, as well as supplying recreational reading for all, and supplement branch and youth room stock.

To meet these demands the book stock is continually being revised and added to. This year a new vertical file cabinet was purchased for the reference room and the pamphlets weeded and brought up-to-date where possible.

Here, as in the Youth Room, a certain number of books are lost each year. This year two volumes of the new edition of Encyclopedia Britannica, one volume of Butler's Lives of the Saints, a Machinist's Dictionary and a Law Dictionary are among the valuable books missing from the adult ref-

erence room. Library books are bought with public money for the use of all the public, not for one or two irresponsible persons who think they can help themselves.

Our collection of local history and geneology is put to good use not only by local people but in answering the many letters we receive from such places as Texas, California, Wisconsin and Michigan from people who are tracing their ancestors.

The record collection has been well used, and a program of replacing worn discs is now under way. A gift of \$100 worth of records from the 9.29-er's Banjo Club helped to increase our collection.

Circulation of pictures to school teachers is not as large as it used to be, but the use of our collection is spreading to other groups in the community. Among the more unusual requests during the year were for pictures of — The Four Freedoms, the Dove of Peace, and Rain Forests, while subjects most frequently asked for were Ancient and Modern Rome, Italy, Egypt and Greece. New subjects added to the collection include Artificial Satellites and Rockets, Seasonal Pictures, and Antiques. There is an increasing demand for religious pictures.

One service to the community which is time consuming, and too often unproductive is the reminder card sent to a borrower whose books are not returned on time. When the first reminder is ignored and others have to be sent public money is being used unproductively, and books which should be available for other people are lying unused in someone's home. The fact that we have collected more than \$3000 in fines on overdue books is some indication of the number of notices sent.

Service through Branch Libraries

For those people who live in Greenwood and Montrose, library service at all levels is provided through two branch libraries.

At the Montrose branch between 40 and 50 pre-school children attend the Wednesday morning story hour. Grade school children use the branch extensively for study as well as recreational reading, and although most High School students use the main library, some find it more convenient to use the branch. Seventh and eighth grade students are expected to use the new Junior High School library as a general rule.

New reference books have been added and the collection of science books for young people increased to meet demand. It is difficult to keep up with the demand for new books from adult readers, but the stock is supplemented by borrowing from the main library.

Montrose is a growing community, and many new families have registered as borrowers at their library.

The Greenwood branch, situated in the basement of the Greenwood school, has been operating under difficulties since September when the school authorities needed more room for first grade students. The branch library was reduced to half its normal size, hours were restricted and books and furniture rearranged to make the best use of existing conditions.

In the spring, teachers brought classes to the branch for instruction in the use of the library and help in book selection; now Miss Bolster, branch librarian, visits the classrooms to talk to the children.

A successful summer reading program was held, with reading club members reporting on the books they had read.

It is obvious that alternative accommodation must be found quickly if Greenwood is to continue to have adequate library service.

Community Service to the Library

While the library exists to serve the community, it has been helped in many ways by members of the community.

Our show cases in the main and branch libraries are supplied with interesting exhibits by both children and adults, and gifts of books and records have enriched our collection.

During National Library Week we relied on the community for committee members, speakers and hostesses.

The Trustees and staff of the library are grateful for the interest shown and help given to the library by the residents of Wakefield, and hope that together they may create better library service to the town.

Report of Municipal Light Board

January 2, 1962

To the Citizens of the Town of Wakefield:

We submit for your consideration the sixty-eighth annual report of the Municipal Light Board for the year ending December 31, 1961.

The net profit of the Department was \$216,148.23 as compared to \$213,-142.03 in 1960. The sale of gas increased 5.6% and electricity 6.1%.

The balance in the Operating Fund was \$168,983.36 as compared with \$210,810.69 in 1960.

The sum of \$80,000.00 was paid to the Town to be used in computing the tax rate for 1961. The total amount paid to the Town is \$1,118,229.57.

The Manager's report including financial statements for the year are included in this report.

Respectfully submitted,

JEAN C. HARTSHORNE, Chairman
JAMES B. WISWALL, Secretary
JOHN MORLEY

To the Board of Light Commissioners:

Gentlemen:

The following condensed Profit and Loss Statement shows the financial operations of the Department for the year ending December 31, 1961 and the changes from the previous year:

Sale of Gas and Electricity	\$1,783,322.11	Increase	\$100,742.43
Cost of Gas and Electricity	1,002,444.59	Increase	57,748.20

Net Income	216,148.23	Increase	3,006.19
Paid to Town in lieu of Taxes	80,000.00	Increase	5,000.00
Net	\$ 136,148.23	Decrease	\$ 1,993.81

ELECTRIC DEPARTMENT

Our new Matthew J. Burns substation was placed in service and one underground circuit was installed from this station to supply power to part of the West Side.

New manholes were constructed in Wakefield Square and Tuttle Street and transformers were installed to provide additional capacity in these areas.

Forty-six transformers, totalling 3921 KVA, were added to our lines. A total of 87 new street lights were installed during the year.

Our electric load increased 6½% over 1960.

GAS DEPARTMENT

The gas main and services were replaced in the section of Albion Street that was reconstructed.

We continued our practice of clamping cast iron gas mains in several sections of Town.

The usual Summer and Winter surveys were made for gas leakage prevention.

We thank the members of the Municipal Light Board for their guidance and counsel and the employees for their loyalty and cooperation.

Report of Town Clerk

Special Town Meeting, January 30, 1961

Meeting called to order at 7:40 P.M. by Moderator Roger H. Wingate, who read the call for the meeting.

On motion by William K. Lawrence:

Voted: That further reading of the warrant, with the exception of the Constable's return, be dispensed with.

Constable's return read by the Town Clerk.

The unanimous consent of the meeting was granted to television station W.B.Z., whose cameramen were present to get pictures of the action in a New England town meeting for showing on a film entitled "Suburbia" to be shown on February 24 at 8 P.M.

Rev. Forrest Musser offered the opening prayer.

ARTICLE 1

To see if the Town will amend its Zoning By-laws by inserting before SECTION 4. BUSINESS DISTRICTS a new section numbered 4A. entitled LIMITED BUSINESS DISTRICTS reading as follows:

Uses in Limited Business Districts

In any Limited Business District (a) No building or premises shall be erected, altered or used for any other purpose than

1. Churches, parish houses, convents and similar religious buildings.
2. Schools.
3. Professional and business offices and financial institutions.
4. Hotels providing lodging for persons, with or without meals, intended for the accommodation of transients and so designed that normal access and egress are controlled from a central point.
5. Restaurants if located in and part of a hotel or office building.
6. Accessory uses customarily incidental to a permitted use on the same premises. In hotels, accessory uses shall include but not be limited to news-stands, cigar stores, drug stores, barber shops and gift shops which may be conducted for the convenience of the occupants of the hotel, provided there is no entrance to such place of business except from the inside of the building.
7. Signs pertaining only to a business or other occupancy of the same premises.

Set-Back

(b) No part of any building shall be built within 50 feet from the line of the principal street adjacent and accessible to the lot, nor within 20 feet from the line of any additional street adjacent to the same lot.

Yards

(c) No building shall be built within a distance of less than 20 feet from any side or rear lot line. No building shall be built within 50 feet from the shore line of any lake.

Height

(d) No building shall exceed 50 feet in height.

Area and Frontage of Lot

(e) No building shall be erected or placed on a lot containing less than 40,000 square feet or having a frontage of less than 150 feet on a street but this provision shall not prevent the construction or placing of a permitted building on any lot in a Limited Business District containing a smaller area or having a less frontage, provided such lot on the effective date hereof does not adjoin any other land of the same owner available for use in connection with said lot.

Front Yards

(f) A continuous landscaped strip not less than 10 feet wide shall be maintained between the street line and the balance of the lot, which strip shall be traversed by not more than two driveways, each not more than 30 feet wide, except that there may be one additional driveway for each additional 200 feet of frontage in excess of 150 feet.

Off Street Parking Space

(g) Off street parking spaces shall be provided in accordance with the provisions of Section 5B, but not less than the following:

For offices and financial institutions, one space for each 300 square feet of gross floor area of the building.

For hotels, one space for every sleeping room; and, in addition, one space for each 30 square feet of floor area used for dining-room purposes.

All parking spaces shall be located on the same lot as the building which they serve and shall be located not less than 10 feet from any street line, or side or rear lot line and not less than 50 feet from the shore line of any lake.

Any parking area open to the public later than one hour after sunset or earlier than one hour before sunrise shall be sufficiently lighted so as to provide a minimum of 2/10 (0.2) lumens per square foot throughout the area of the lot. All lights shall be covered with a standard globe and shall be shaded in such a manner that no disturbing glare is visible to adjacent property owners or to motorists using the public streets.

Chairman Kenneth W. Thomson read the report of the Planning Board, stating that, after advertising in the Wakefield Daily Item, a hearing was duly held according to law, and it was unanimously voted to recommend favorable action on Article one, and that the hearing and report includes the recommendation under Article 2 and Article 3 — that of favorable action.

After considerable discussion, on motion by Mr. Thomson, it was

Voted: That the Town Zoning By-laws be amended by inserting before Section 4, Business Districts, a new section numbered 4A, entitled "Limited Business Districts", as set forth in Article 1.

The vote in the affirmative was: YES, 494 — NO, 56.

ARTICLE 2

To see if the Town will amend its Zoning By-laws by changing the present number of SECTION 4. BUSINESS DISTRICTS to SECTION 4B. BUSINESS DISTRICTS.

—Planning Board.

On motion by Planning Board:

Voted: To amend the Town Zoning By-laws by changing the number of Section 4, Business Districts, to 4B.

The vote in the affirmative was unanimous.

ARTICLE 3

To see if the Town will amend its Zoning By-laws and Zoning Map by changing from a Single Residence District to a Limited Business District a tract of land containing about seventeen (17) acres located on the Easterly side of North Avenue Southerly of and adjacent to the present Business District along the Southeasterly side of Route 128 bounded and described as follows:

Beginning at a point in the Easterly side line of North Avenue at the present Business District Southerly of Route 128, thence Southerly along the Easterly side line of North Avenue one thousand twenty-five (1025) feet, thence turning at a right angle and extending Easterly six hundred ten (610) feet to a point, thence Northerly by a line parallel to North Avenue about one thousand three hundred (1300) feet to a point in the present Business District, thence Southwesterly by the present Business District about six hundred seventy (670) feet to the point of beginning.

—William J. Lee and Others.

On motion by Finance Committee:

Voted: To amend the Town Zoning By-laws by changing the area described in Article 3 from Single Residence to a Limited Business District.

The vote in the affirmative was: YES, 464 — NO, 79.

ARTICLE 4

To see if the Town will amend Section 3, General Residence Districts, of its zoning By-laws by adding at the end thereof a new paragraph as follows: **Additions** (g) The area of each floor of an existing building shall not be increased for dwelling purposes by an addition thereto of more than twenty-five per cent (25%), provided, however, that the other requirements of these By-laws are complied with. The Board of Appeals may, after a public hearing, authorize an increase in the area of each floor up to fifty per cent (50%), if it determines that such increase is not detrimental or objectionable to the neighborhood.

—Planning Board.

Mr. Thomson read the report of the Planning Board stating that, after a public hearing duly held and advertised according to law, the Planning Board recommended favorable action.

After an amendment by Bernard Johnson, that the words multiple family be stricken out was voted in the negative, and after some discussion, and a motion by Sabatino Benedetto to invoke the "previous question" was voted favorably, the original motion by Mr. Thomson, as follows, was:

Voted: To amend Section 3, General Residence Districts, of the Zoning By-laws by adding at the end thereof a new paragraph as follows:

Additions (g) The area of each floor of an existing building shall not be increased for multiple family dwelling purposes by an addition thereto of more than thirty-five per cent (35%), provided, however, that the other

requirements of these By-laws are complied with. The Board of Appeals may, after a public hearing, authorize an increase in the area of each floor in excess of thirty-five (35%), if it determines that such increase is not detrimental or objectionable to the neighborhood.

The vote in the affirmative was: YES, 268 — NO, 93.

ARTICLE 5

To see if the Town will amend its Zoning By-laws and Zoning Map by changing from a General Residence District to a Single Residence District a tract of land in that part of Wakefield called Greenwood, bounded and described as follows: on the SOUTH by the Single Residence District on Spring Street; on the WEST by the Single Residence District westerly of the center line of the Boston and Maine Railroad right-of-way; on the NORTH by a line one hundred (100) feet northerly of and parallel to the northerly side line of Cooper Street; on the EAST by a line one hundred (100) feet westerly of and parallel to the westerly side line of Main Street; on the SOUTH by the Single Residence District on the northerly side of Humphrey Street; and on the EAST by the Single Residence District easterly of the center line of Renwick Road.

—J. Gilbert Parsons and Others.

Chairman Thomson read the report of the Planning Board, stating that, after a public hearing duly held and advertised according to law, a majority of the board voted in favor of favorable action.

On motion by Mr. Thomson:

Voted: That the Town amend its Zoning Map and Zoning By-laws by changing the area described in Article 5 from a General Residence to a Single Residence District.

The vote in the affirmative was unanimous.

ARTICLE 6

To see if the Town will amend its Zoning Bylaws and Zoning Map by changing from Business and General Residence districts to a Single Residence District a tract of land two hundred and fifty (250) feet wide on the Easterly side of the Boston & Maine Railroad location, and adjacent to a Single Residence District, described as follows: Beginning one hundred (100) feet Northeasterly of Lowell Street and running Southwesterly across Lowell Street adjacent to and parallel with the Boston and Maine Railroad location to the Northerly side line of Salem Street.

Wendell V. Weyland and Others.

Mr. Thomson read the report of the Planning Board, stating that a hearing, duly advertised according to law, was held, and the Planning Board recommended favorable action.

On motion by Mr. Thomson:

Voted: That the Town amend its Zoning Map and Zoning By-laws by changing the area described in Article 6 from a Business and General Residence District to a Single Residence District.

ARTICLE 7

To see if the Town will vote to authorize the Board of Public Works to purchase or take by eminent domain proceedings the six-inch sewer line in Walker Terrace, and take an easement for sewer and water three

hundred feet down Walker Terrace by a width of ten (10) feet, and to see if the Town will extend the sewer in Walker Terrace (50) feet from the present manhole in Walker Terrace toward the end of Walker Terrace, and to raise and appropriate a sufficient sum of money to carry out the purposes of this article.

—John J. Curran and Others.

On motion by Finance Committee:

Voted: That the subject matter of Article 7 be indefinitely postponed.

ARTICLE 8

To see if the Town will vote to authorize the Board of Public Works to construct a sewer in or across a certain highway known as Renwick Road, from an existing manhole at the junction of Spring Street and Renwick Road northerly in Renwick Road a distance of 360 feet approximately; and to see if the Town will raise and appropriate a sufficient sum of money therefor; and/or authorize the Treasurer, with the approval of the Board of Selectmen, to borrow and issue notes or bonds of the Town therefor; and/or appropriate by transfer from available balances or from the Excess and Deficiency Account a sufficient sum of money to carry out the purposes of this Article.

—Charles J. Sheridan and Others.

On motion by Finance Committee:

Voted: That the subject matter of Article 8 be indefinitely postponed.

ARTICLE 9

To see if the Town will vote to amend the Classification, Salary and Wage Plan of the Town of Wakefield, being Chapter 17 of the By-laws of the Town, under authority of General Laws, Chapter 41, Section 108A:

(a) By deleting Section 5 (a) therefrom and substituting the following: **Holidays.** Town employees shall be entitled to the following holidays with pay at their regular straight time rate when they fall or are observed within the regular work week: January first, February twenty-second, April nineteenth, May thirtieth, July fourth, the first Monday of September, October twelfth, November eleventh, Thanksgiving Day and Christmas Day. Employees required to work on a legal holiday shall be paid according to the provisions provided for in section 4 - par. 1.

(b) By deleting Section 4- (1) therefrom and substituting the following: Additional compensation shall be paid for any work in excess of the normal hours of employment at such rate not exceeding 1½ times the established rate of compensation, as the department head, with the approval of the Personnel Board, shall establish; provided, however, that such additional compensation may be paid, at a rate not exceeding twice the established rate of compensation, on Sundays and holidays; and, provided further that in the case of snow removal occurring outside the regular hours of duty, a supervisor shall be paid straight time and other employees 1½ times the rate for regular employment.

—Board of Health.

On motion by Finance Committee:

Voted: That the subject matter of Article 3 be indefinitely postponed.

On motion by William J. Lee:

Voted: To take up Articles 4, 5, and 6 jointly.

ARTICLE 4

To see if the Town will amend its Zoning By-laws by inserting after Section 4A. LIMITED BUSINESS DISTRICTS, a new section numbered 4B. COMMERCIAL RECREATION DISTRICTS reading as follows:

Use in Commercial Recreation Districts

In any Commercial Recreation District:

(a) No building or premises shall be erected, altered or used for any other purpose than:

1. Churches, parish houses, convents and similar religious buildings.
2. Schools.
3. Professional and business offices and financial institutions.

4. Restaurants.
5. An enclosed building or arena for indoor athletic activities.
6. An exhibition or assembly hall used for art, scientific, cultural and business exhibitions or conferences, or indoor theatrical performances.
7. Accessory uses customarily incidental to a permitted use on the same lot.
8. Signs pertaining only to a business or other occupancy of the premises.

Set-Back

(b) No part of any building shall be built within 50 feet from the street line on all streets.

Yards

(c) No building shall be built with a distance of less than 20 feet from any side or rear lot line.

Height

(d) No building shall exceed a height of 50 feet.

Area and Frontage of Lot

(e) No building shall be erected or placed on a lot containing less than 40,000 square feet or having a frontage of less than 150 feet on a street, but this provision shall not prevent the construction or placing of a permitted building on any lot in a Commercial Recreation District containing a smaller area or a less frontage, provided such lot, on the effective date hereof, does not adjoin any other land of the same owner, available for use in connection with said lot.

Front Yards

A continuous landscaped strip not less than 10 feet wide shall be maintained between the street line and the balance of the lot, which strip shall be traversed by not more than two driveways, each not more than 30 feet wide and one additional driveway for each 200 feet of frontage in excess of 150 feet.

Off-Street Parking

(g) Off-street parking spaces shall be provided in accordance with the provisions of Section 5B, but not less than the following:

For offices and financial institutions, one space for each 300 square feet of gross building floor area.

For restaurants, one car space for each 30 square feet of floor area used for eating purposes.

For places of public recreation or assembly, one car space for each 3 persons admitted to such place at any one time.

All parking spaces shall be located on the same lot as the building which they serve and shall be located not less than 10 feet from any street line or side or rear lot line.

Any parking area open to the public later than one hour after sunset or earlier than one hour before sunrise shall be sufficient lighted so as to provide a minimum of 2/10 lumens per square foot throughout the area of the lot. All lights shall be covered with a standard globe and shall be shaded in such manner that no disturbing glare is visible to adjacent property owners or to motorists using the public streets.

One car space shall be deemed to occupy not less than 300 square feet of the total area not occupied by buildings or other structures. No parking space shall be reduced nor shall the attendance be increased at any time so that there are fewer car spaces than one for every 3 persons in attendance.

Prohibited Uses

(h) No building or premises shall be used for boxing or wrestling contests, roller skating, public dancing or for a public motion picture theater.

There shall be no loud speakers or other announcement devices audible off the premises.

Approval of Plans

(i) Before a permit is issued for the construction, alteration, moving or enlarging of any building or for the development of any premises under the provisions of this section, the applicant shall submit a site plan and building plans for the proposed project to the Planning Board for their approval. In approving any such application, the Planning Board shall give due consideration to the effect of such project on the public safety, to the provisions for handling traffic and to parking.

—Wakefield Development Trust - William J. Lee, Trustee.

Kenneth W. Thomson read the report of the Planning Board, stating that hearings, duly advertised, were held according to law, and that a majority of the Planning Board, present and voting, recommended favorable action. When asked by a speaker, Mr. Thomson stated that two members voted in the affirmative and one in the negative; one member was out of town, and he refrained from voting because, he said, if he had voted the Planning Board would have come in to the town meeting with a tie vote — and he moved adoption of the amendment.

After a prolonged discussion, at 11:10 P.M., Chairman Kenneth E. Morang, Jr. moved the "previous question", which was voted in the affirmative.

The original motion then was voted as follows: Yes, 594 — NO, 337, and the Moderator announced that, lacking the necessary two-thirds vote, the motion was not carried.

ARTICLE 5

To see if the Town will amend its Zoning By-laws by changing the present number of SECTION 4B. BUSINESS DISTRICTS to SECTION 4C. BUSINESS DISTRICTS.

—Wakefield Development Trust - William J. Lee, Trustee.

On motion by Mr. Thomson:

Voted: That the subject matter of Article 5 be indefinitely postponed.

ARTICLE 6

To see if the Town will amend its Zoning By-laws and Zoning Map by changing from a Single Residence District to a Commercial Recreation District a tract of land containing about 15.2 acres located on the westerly side of North Avenue, bounded and described as follows:

Beginning at a point on the westerly side line of North Avenue at the southeasterly boundary of the Route 128 taking line, thence running north-

westerly, westerly and southwesterly along said southeasterly boundary of the Route 128 taking line a distance of about 793 feet to a point on the easterly boundary of the Boston & Main Railroad location, thence running southerly along said easterly boundary of the Boston & Maine Railroad location a distance of about 904 feet to a point, thence running easterly along a line perpendicular to North Avenue a distance of about 464 feet to a point on the westerly side line of North Avenue opposite the northerly side line of Willard Road, thence running northerly along said westerly side line of North Avenue a distance of about 1045 feet to the point of beginning.

—Wakefield Development Trust - William J. Lee, Trustee.

On motion by Mr. Thomson:

Voted: That the subject matter of Article 6 be indefinitely postponed.

ARTICLE 7

To see if the Town will vote to amend its Zoning By-laws by changing the numbering of subparagraphs 7, and 8, of clause (a) of Section 4B. Commercial Recreation Districts to 8 and 9, respectively and by inserting after sub-paragraph 6, a new sub-paragraph 7, reading as follows:

7. Gasoline service stations.

—Moses M. Frankel and Others.

On motion duly made and seconded:

Voted: That the subject matter of Article 7 be indefinitely postponed.

ARTICLE 8

To see if the Town will vote to authorize the School Committee to contract for and install necessary heating facilities, including all necessary appurtenances thereto, at the Greenwood School; and to provide therefore raise and appropriate, and/or appropriate by transfer from available funds, a sufficient sum of money to carry out the purposes of this article.

—School Committee.

A motion by the Finance Committee to indefinitely postpone action on Article 8 was voted in the negative, 172 to 133.

On motion duly made and seconded:

Voted: To authorize the School Committee to contract for and install necessary heating facilities, including all necessary appurtenances thereto, at the Greenwood School; and to provide therefor appropriate by transfer from the Excess and Deficiency Fund the sum of \$27,869.00.

ARTICLE 9

To see if the Town will vote to transfer jurisdiction of the following described parcel of land from the School Committee to the Trustees of the Lucius Beebe Memorial Library: Beginning at a point on the easterly side of Main Street in Wakefield, at the intersection of Lots 88B and 88G as shown on Plat 24 of the Assessors Plans for the Town of Wakefield, the line runs NORTHERLY along the easterly side of Main Street, eighty-nine and 40/100 (89.40) feet; thence EASTERLY one hundred twenty-seven and 2/100 (127.02) feet; thence SOUTHERLY eighty-one and 84/100 (81.84) feet; thence WESTERLY one hundred five and 36/100 (105.36) feet to the point of beginning. Said parcel contains 9520 square feet of land, more or less, and is shown as Lot 88G on said Assessors Plans.

—Trustees of Lucius Beebe Memorial Library.

On motion by Finance Committee:

Voted: That the subject matter of Article 9 be indefinitely postponed.

ARTICLE 10

To see if the Town will vote to authorize the Moderator to appoint a committee of five members, consisting of two members of the Trustees of Lucius Beebe Memorial Library and three other citizens, for the purpose of hiring an architect, causing plans and specifications to be prepared, and receiving bids for the construction and equipment of a branch library, to be erected on Lot 88G of Plat 24 of the Assessors Plans for the Town of Wakefield; and to raise and appropriate, or transfer from available funds, a sufficient sum of money to carry out the purposes of this article.

—Trustees of Lucius Beebe Memorial Library.

On motion by Finance Committee:

Voted: That the subject matter of Article 10 be indefinitely postponed.

ARTICLE 11

To see if the Town will vote to amend the General By-Laws of the Town, under authority of General Laws, Chapter 41, Section 108A by amending Section 12, paragraph (f) Chapter XVII to read as follows:

(f) Supervisory Group.

Employees occupying positions classified in this group are not entitled to overtime compensation as set forth in Section 11, except those Public Works employees occupying positions in this group that are assigned to work in a period of emergency as declared by the Board of Public Works. Such overtime rate shall be the employees regular weekly rate divided by 40 for all hours worked in excess of 40 hours per week during such an emergency.

—Board of Public Works.

On motion by Finance Committee:

Voted: That the subject matter of Article 11 be indefinitely postponed.

On motion by Selectman Burton F. Whitcomb:

Voted: That this meeting be dissolved.

Meeting dissolved at 12:41 A.M.
